

## Meet Ram

Y Splash is the YMCA's drowning prevention and water safety initiative that we offer as a FREE community service to all area 2nd graders through their schools. This program recently touched the lives of Laxmi and her son Ram.

Ram had a near drowning incident at his apartment's pool and became fearful of the water. Through the Y-Splash program, Ram gained the confidence to be in the water again. His mother diligently took him to his free swim lessons after Y-Splash ended. Ram can now swim the length of the pool.

For more information on the Y Splash program and volunteer opportunities, contact Nancy Brattain 540.342.9622.
